

# Chief Technology Officer Services - Plans

Basic - Required by all Managed Services clients, and suggested for companies with:

- ▶ Slow growth <10%
- ▶ Single office location
- ▶ Few sensitive data security concerns

Professional - Ideal for most of our clients, giving you access to the right level of attention to proactively plan your technology investments. Best for companies with:

- ▶ Medium to fast growth, 10-25%
- ▶ One larger office or multiple office locations
- ▶ Some data sensitivity concerns

Premium - Designed for companies experiencing fast growth and/or use of complex technology in their operations. Best for companies with the following:

- ▶ Fast growth, 25% or greater
- ▶ Multiple office locations and/or larger organizations
- ▶ Significant data sensitivity concerns

**CTNtotalcare** CTO Service Plans are structured to accommodate the unique factors that distinguish your business. Your CTO will be intimately involved with your company, including its pace of growth, communication channels, and complexity of its network environment.
